VOLUME THIRTY, YEAR BOOK

OF

RIVERSIDE MILITARY ACADEMY

GAINESVILLE, GEORGIA HOLLYWOOD, FLORIDA

Foreword

DECORATIONS ARE SOMETIMES MORE THAN MERELY DECORATIVE. . . . IN THIS ISSUE AND ON THESE PAGES, THE STARS REPRESENT THE THIRTY YEARS OF BAYONET PUBLICATION AND THE TWENTY-FIVE YEARS OF HONOR SCHOOL DESIGNATION. . . . WE OF THE STAFF HOPE THAT OUR EFFORTS WILL LIVE UP TO THE ACHIEVEMENTS OF PREVIOUS STAFFS, JUST AS THE CORPS AS A WHOLE WILL CONTINUE TO MAINTAIN RIVERSIDE'S TRADITIONAL STANDARDS OF EXCELLENCE. . . . IT HAS BEEN A FINE YEAR AS A WHOLE, DESPITE SOME LOSSES, AND WE HOPE THAT OUR WRITING, DRAWING, AND PICTURE-TAKING EFFORTS HAVE CAPTURED AND HELD THE HIGHLIGHTS FOR YOU.

DEDICATION

To a relative newcomer . . . who by his engaging friendliness, his warm co-operation, his sincere interest, his devotion to the fine things for which Riverside stands, has quickly made a place for himself in the Academy. . . .

To a distinguished soldier, a fine gentleman, an outstanding teacher, and a splendid friend . . .

We of the 1949 BAYONET Staff dedicate this thirtieth volume of the Riverside year-book to Colonel Thomas L. Alexander in appreciation of his many fine qualities—personal and professional.

1949 BAYONET

With preparation of the Bayonet nearly complete, Colonel Mooney, veteran Faculty Adviser, feels that this year's group has done a good job of keeping up the high standards maintained during thirty years of Bayonet publication.

Associate Editors Mooney and Bush—the former incidentally is the only veteran member of the present Staff—have done a good job of rounding up material, planning, making assignments, and have also found time for individual efforts. Bush has handled the "Review of the Faculty," while Mooney has contributed skits, drawings, and photographs. McDonald and Robinson have worked together in preparing the senior biographies, while Robinson is also largely the creator of this year's striking cover.

Military Editor Layman has done a good job of geting in the write-ups, photographs, rosters, etc., composing his section; and Sports Editor Mothner has provided good coverage in his sometimes hard-to-cover department. Loeffler's assignment has been the calendar of activities, while Hood, Garrard, Lyons, and Holbrook have worked together in assembling the Activities and Humor sections.

Ackerman, Gates, Horowitz, Russell, and Sher have been the principal photographers with Colonel Mooney and the Medalist lending a helping lens.

The Art Staff has included Alonso, Nat Johnson, and Dave Miller with assists from Garrard and Lyons.

We of the Staff can only hope that our joint efforts will prove successful in representing the highlights of a fine year for the more than 600 Cadets and Faculty involved—if so, you will have in this 1949 Bayonet a book that will be a source of lasting pleasure in the many years ahead.

Riverside has been exceptionally fortunate this year in securing a very competent faculty. This year's group teems with intelligent and understanding men who represent all phases of military, academic and athletic life. For the benefit of Riverside patrons and friends, the faculty will pass in review!

"Build up your body. Sunshine! Sunshine!" shouts the first to pass the reviewing stand. If you haven't already guessed, it's the General. This man by his untiring efforts has built one of the finest military academies in the world. Though we may joke about the General's conservatism, and insistence on physical development, we are deeply indebted to him for the opportunities he has afforded us at Riverside.

The second unit passing in review is the Commandant's Staff—Colonel Beaver and Colonel Moore, Vice-President and Commandant, respectively, flanked in the rear by a gentleman from a Gainesville Pillow Company, who is engaged in picking up feathers. (Where they come from we need not say.) These two men seem to have a limited vocabulary, for all they ever say is "No!" This "no" often refers to buttons, shaves, and haircuts; however, it usually pertains to reports.

The next group to pass by is composed of the Academic Staff, headed by Colonel James K. Mooney (the culprit who waits until 10:30 Saturday morning to post the grades, leaving us exactly no time to go to town) and his accomplice and fellow-villain, Colonel F. O. B. (Fine Old Boy) Garner, head slave-driver of the place which is dearest to every cadet's heart.

Giving "eyes right" for the Athletic Department is Colonel E. J. Curtis. The cadets learn their "A, B, Z's" from his daily warnings, especially the Z's. Next we have our combination Football, Basketball, and D. S. H. Coach, Lieutenant Engle C. May. Although our football season was not up to expectations, our basketball squad came through with flying colors. In the third rank is Lieutenant Leo A. Zack, Baseball and J. V. Football Coach. We don't want to state that our faculty is paid well, but Lieutenant Zack turns up with a new car every few months. We owe the fine performance of our Varsity Track Team to one Captain McClain. Al-

though he threatens to keep us from the beach, he isn't really that mean. Bringing up the rear in our display of muscular giants are Captain Brannon, Coach of our J. V. Basketball Teams, and Lieutenant Gress, the "Simon Legree" of football.

Rushing past the reviewing stand at double time is the Math Department, led by Colonel L. D. Watson, who is being rapidly overtaken by Colonel Reed Brown (in overdrive). Behind them and presenting arms with meter sticks are Major Oldham and Captain Ayers, both of whom entertain both faculty and cadets with colorful language.

Upon hearing a clatter and clank of test tubes, bunsen burners and thermometers, we are impressed by the appearance of the Science Department. Colonel T. L. Alexander, upon his return from war-torn China, has proved to be one of the most able and competent Physics teachers in the South. Captain H_2SO_4 Oja is our dignified Chemistry teacher, to whom all the boys affectionately refer as "The Oj."

Next in the faculty parade is the Language Department. The English platoon consists of Colonel Mullaly (the greatest adverb), Major Lee (The Maj), Major (Ludy) Luderman, Major Wood (the Chaplain), and Captain (Grease Paint) Boyle. This unit is one of the ablest departments in our school. Holding a friendly conversation in Spanish, we see Major Vidal and Lieutenant Barnhart. These two companions have ably taught Spanish together for four years. Diverting his colorful language to German, Major Oldham is now pinch-hitting for General Beaver, who lent a helping hand at the beginning of the course. Lieutenant "Casanova" Bolchoz is our French and Latin instructor, and on the side he plays the organ.

Pedaling by on a combination bicycle, typewriter and outdoor gym, are the commercial subject teachers, Major (Billy) Burns, Major (Jungle Jim) Crisp, and Lieutenant (Joe) Cera. These teachers teach what are usually referred to as "crip" courses, with Lieutenant Cera offering a sharp dissent.

Now we have a dash of red in the parade. Is it the "Colors"? No. It is Major Wily and her red cape. This famous munitions expert is the person

who wishes us the best of everything as we enter the infirmary.

As the band troops the line, we notice the absence of a beloved member. The late Major Reno Zaza is the absentee. At his passing he was deeply grieved by both faculty and cadets. He is survived by his able nephew, Captain Laurenzi, who we are sure will carry on his fine work.

The jingle of coins brings to our attention Major (Money-Bags) Stribling.

The last unit to pass the reviewing stand is that snappy, well-disciplined Military Staff. Our P. M. S. & T. (P for posture) Colonel Fred H. Cantrell, the cross between Charles Atlas and Bob Hope, leads this detachment. His adjutant, Captain (Fleet Foot) Saine is quite a man of medals and a graduate of West Point. Living up to standards set by the officers of the Military Staff, we have the non-commissioned group. This consists of Master Sergeant Joe (Bachelor) Bennett, Master Sergeant (Red) Fowler, Sergeant First Class Tumlin and recently promoted Sergeant (Daddy) Favati.

Major C. R. Taylor ably heads the Junior detachment with fine assistance from Mrs. Mullaly, Captain Mallon, Lieutenant Johnson, Lieutenant Collins, and two newcomers, Lieutenant Bagwell and Lieutenant Hopkins. Mrs. Myers, as house mother, completes the staff, from which—we regret to report—long and serious illness has removed Captain Hixenbaugh. Three-cornered pants, safety pins, and a saving sense of humor compose the guidon of this super-active department.

Our mounted unit, the Quartermaster Corps, now appears, led by Lieutenant "Napkin" Chandler. In the rear are Major "Hop-a-long" Horning and Captain "Honest-John" Trice. Under current regulations, the book-store issues two sizes of uniforms—too large or too small.

The Armored Plate Division, headed by Mr. Williams, now clatters by. On the guidon, firmly anchored by "Big Will," appears this motto, "They may not be clean, but they are sterilized."

Since we have now passed the faculty in review for you, we hope you are thoroughly familiar with their characteristics and personalities. Until we sound Adjutant's Call again in 1950, we bid you farewell.

OR ENTERED LATE

ALMA MATER

Hail, Alma Mater, dear,
To us be ever near.
Give us thy strength to bear
Thy spirit on.

When we depart from Thee,
May we still loyal be,
And carry on for Thee,
Riverside, dear.

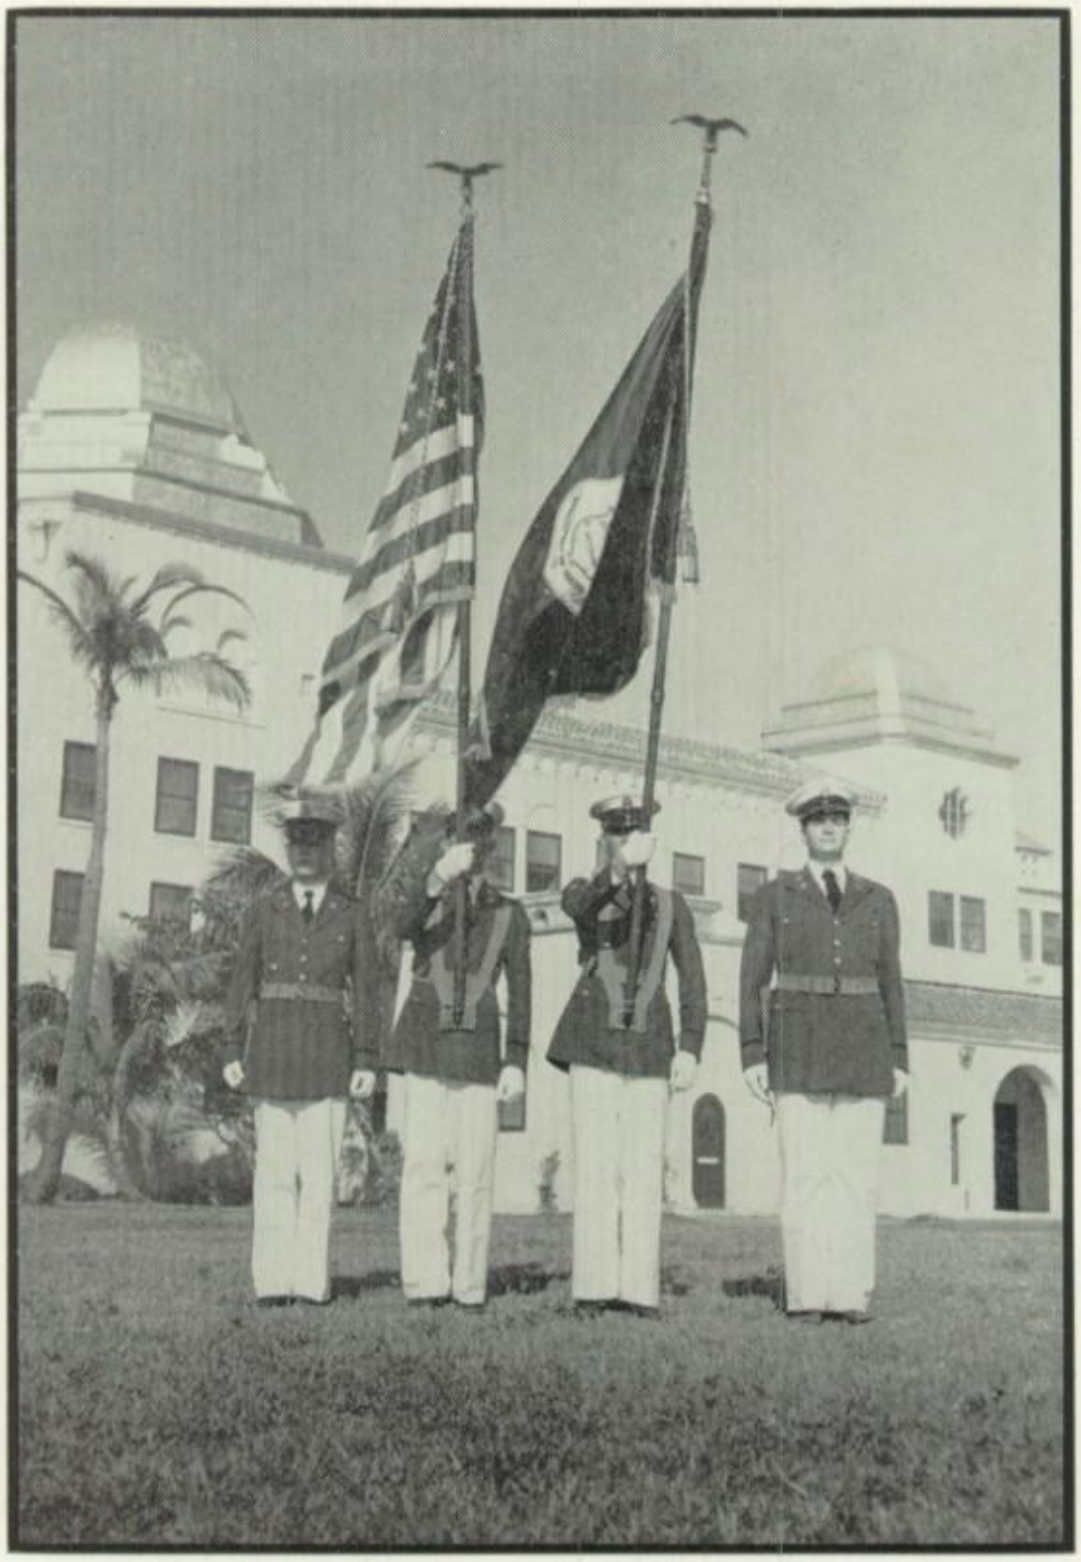
HONOR SCHOOL CERTIFICATE OF PROFICIENCY:
Twenty-fifth!

Book Two:

MILITARY



THE COLORS

MILITARY

It was on that warm fall day in September that we first heard our Captain and Battalion Adjutant Clyde Kindley stutter the promotion order that would give us and the military staff headaches, laughs, and gray hairs.

It was on that same fateful day that our P. M. S. & T., Colonel Fred H. Cantrell, gave us the advice that would mold us into the future leaders of America (SO he said!). . . . He also told us, if we ever had any troubles, that he had a soft shoulder and a nice towel that would dry up any tears we shed.

After Colonel Cantrell came his head assistant, Captain Harold Saine, who told us that what all the officers and old men did would be reflected in the new and even in some of the other old men. At that remark, some of us shuddered and sank a little lower in our seats. Captain Saine also reiterated what Colonel Cantrell had said about beginning to work for another Honor School designation, which, incidentally, we have held for twenty-five years.

With those remarks ended, we went out to face the other men who would also help mold us into an Honor group.

First came Sergeant Bennett, who pounded Rifle Marksmanship into our thick skulls, teaching us the loop sling, the hasty sling, until the marksmanship know-how was running out of our ears!

Then came Sergeant Fowler with his ##! 15! logs. "Pick up that log right! Get out from under it!" For months these words echoed into our ears. Then came the day it was all over—the day we completed our log drill.

Handling the administrative end of the Military Department is Sergeant First Class Grady Tumlin, the man who so cleverly mixes up our grades in military.

And last, but not least, comes the "Little Corporal," Sergeant Favati. He's the guy who bangs the rifles up and then charges us for them.

With the aid of all of these men and our Superintendent, Colonel Beaver, we stand ready to face anything that the Government Inspectors can throw at us on April 28-29. And come through with flying colors and with another Honor star!

A COMP

A notable figure of Riverside once said that the officers of an institution, such as Riverside, could either make or break it. This holds true with A Company, for this unit has been designated as "Color Company" many times since the beginning of school. We, the members of this organization, feel that a great deal of our success could be attributed to the persistent desire to attain perfection, inherent in A Company.

We have a chubby-cheeked Company Commander and a red-headed First Sergeant, unquote: Colonel Beaver. No other company can make this statement. We have a track champion. No other company can make that statement, either, because no other company's barracks is situated as far from their formation ground as that of A Company's. We believe that in ten years or more, an A Company man of '48-'49 will perfect pivot shoes, radiator keys, and possibly seven-year shoes. Furthermore, we believe that one of our men will make grits and gravy the breakfast food of the nation, for, indeed, this latter-named food has undoubtedly made us what we are today!

We are proud of our heritage. (We are not quite sure what it is, but it must be related with getting to all mess formations on time.)

In all seriousness, though, we take pride in all that we do, whether it be in the fields of athletics, military, or scholastics.

"A" is first in the alphabet and first in Riverside!

"B" COMP

It was on a warm fall day that the immortal "B" Company was formed. Under the iron hand of Captain Mike Mooney, "B" Company began its long-to-be-remembered adventure. Under the subordinate leadership of "Señor" Laucirica, "Gaylord" Hood and "Harlequin" Shapiro, there existed a mass of potential power, that was later to show its sting. No sooner was the company formed than they were set back by the tragic loss of their First Sergeant to the call of life, but he was more than sufficiently replaced by Jerry Blitz, who finally came home to his alma mater.

The first major struggle was the popular inter-company athletic program. Under the admirable leadership of "Gaylord" Hood and "Slick" Wick (the every Sunday night boys), the football team was unluckily beaten out of first place by the inferior "South Barracks Gangsters." The swimming team, powered by "Splash" Mooney, managed to secure the championship, while Mooney's men came through as runners-up in water polo. "Big B" was well represented in all sports successfully ending the fall athletic program. On the military end, "B" Company held their own but did not snare many honors. Christmas came and "B" went.

Here we were in Florida and "Mike's Men" looked none the worse for wear. Florida was fine. Everybody became extremely healthy, and even Louie got it—suntan that is. The Company's already able officers were benefited by the transfer of "Ray the Bone" and "Walkie-Talky Avent" from the "gangsters" already referred to. The Company continued to lead in most athletic events and the military end was boosted a great deal.

Georgia was Georgia, and despite the change in weather, I think the men were glad to get back. The year was a good one, but finally came to an end, but the immortal "B" Company has left its gratifying mark on the halls of Riverside.

INFORMALS

"C" COMP

"There surely is a lot of them," was the first constructive remark made about this year's version of an old Riverside tradition, Company "C." We later discovered that among the crowd there were also a few Americans. The scene of our first assemblage was one never to be forgotten. Every one of our non-commissioned officers (of very short standing) was convinced that he knew just how to form a company. As a result of this, a Company Commander became a non-essential. In fact, it took us three weeks to discover that Layman belonged to us. Our lieutenants, Mustakas, Lyons, Holbrook (a collection of worthy gentlemen, you'll agree), together with the aforementioned non-coms, soon succeeded in placing our boys on the straight and narrow path (namely, the Bull Ring).

"C" Company supplied the Blue Battalion with several of their stars, Lakos and Hanson being outstanding. We also were well represented on the Basketball Squad, with Settles and Lakos taking top honors there. Our achievements in intramural athletics resulted in an embarrassing similarity between our company guidon and a barber pole.

As did every other company, we also sponsored a dance, and it is generally agreed that if it was not Riverside's best, it was at least unique.

We have no idea at this time whether we shall win Color Company or merely take Best-Drilled Company, but whatever happens we want you to know that, as in every other case, we did our best. We of "C" Company are proud of our company and if she didn't always come out on top, we know she was always in there pitching all the way.

"D" COMP

It was a hot day in Gainesville, Georgia, when none other than J. R. McDonald took over as Company Commander of "D." His platoon leaders were the best in the battalion with First Lt. S. R. Cahoon the top platoon leader to assist Captain McDonald in all the problems which might turn up. Heller and S. A. Yates were Second Lieutenants of the second and third platoons. Heller met the wrong person at the wrong time and was rewarded for wearing "civies," to rank below Drake. Believe it or not, a "Yankee" boy took over Heller's place. His name was R. J. Adler, who always says "youse guys" instead of that old Southern phrase of "you all."

During the inter-company athletics program for the fall—swimming, volleyball, and football were leading over the rest. The spotlight fell on—of course—that rough and rugged sport "Football." Company "D" came through with flying colors, winning the league and play-offs from Company "B," 19 to 6. All-round was Frank Avent from North Carolina, who led his team to numerous victories with S. R. Cahoon and S. A. Yates number one ends, and last, but far from least, Sammy Ray and Charlie Reaves, two more "Tarheels," were the last-minute life-savers, always catching the long but missing the short, to win the game.

Since this is a military school, a word or two about the life at Riverside. All the boys from 38 states and 11 foreign countries go to make up the life memories of Company "D." Through sweat and many hours of practice, the boys learned the military way. We were the first to have the best discipline in the battalion. The first Sunday parade came and "D" Company won "Best Company" for the week. All that week our "Company Command" would answer to the adjutant "Color Company all present and accounted for, Sir-r." He was proud, and he had something to be proud of.

Our rooms were always clean, our clothes were immaculate, with shoes you could see your face in. (If you happened to have a mirror handy.) Our table manners were the typical Emily Post type. In our studies the grades speak for themselves.

Before the curtain closes on part one of the history of Company "D," remember all the vital information above. Every cadet will look back over his life at Riverside and say, "There was no short cut. But to one who has patience, the end is well worth the journey."

PERSONALITIES

The BAN

The Riverside band of this year showed considerable improvement over last year's. The band started off in fine style under the able command of Lieutenants Lassiter, Loeffler, and Robinson. It was also marked with the return of the ever-popular Captain Americo Laurenzi.

Besides furnishing marching music for our beloved Sunday parades, the band entertained the corps with numerous musical renditions which featured many of Captain Laurenzi's own compositions.

There were many interesting sights for the casual observer. Upon arrival at the band, one would see Lt. Robinson hitting a poor offender of the code book on the cranium with his trumpet. On the other side of the band, Cpl. Ruffin Thornton would be on his knees pleading with Lt. Lassiter to remove a disrespect report. Watson would be receiving a c-22 and promising to shave tomorrow. Every time a pretty girl would come near, Bleekman and Woodberry raised the drum beat to 280 counts per minute. Then we would see Don Cox dreaming of how to get into a Brenau open house, and Tom Shrewsbury worrying how to get out of one. Herbie Frink, the little cherub, was matching his infinite resources of energy with demerits from "Slugger" Loeffler. Perkins and Feldman were trying to plan a way whereby they could equalize their sizes. "Doc" Lassiter would be fighting off his hordes of feminine admirers—attracted by his lisp and curly-locks.

Seriously, the band had a good group of boys who made the rest of the Corps envious.

Book Three:

ATHLETICS

CHEER LEADERS

ATHLETICS

Athletics at Riverside this year has been featured by the almost universal participation in some type of inter-scholastic competition, and by the development of many beginners into promising athletes.

Football produced one of the most disastrous records in history, with much of said disaster resulting from injuries and other uncontrollable factors. The outstanding feature of the season was the fine support of the team by the Corps, with all turning out in one of the year's heaviest deluges to cheer an underdog, hard-fighting, aquatic Riverside Eleven to a surprising 0-0 finish against G.M.A.

Basketball presented the Corps with one of the scrappiest Fives ever to represent Riverside—the result was fine games, excellent support, and splendid performance by Settles, Captain Zuckerman, Crutchfield, Loe, Lakos and others.

Baseball has made a promising start with three wins in a row, and the Cadets apparently have some good hitters and fielders, with pitching talent yet to be determined.

Track has enjoyed a revival of interest with a new coach and new tracks in Georgia and Florida. Despite inexperience, development is proceeding rapidly, and the Riverside thin-clads should do well.

Golf continues as a fine inter-scholastic sport, and early season defeats—with some of the top players lost as a result of participation in other sports—have been more than made up for by wins with the full line-up teeing off.

In addition to these major activities, interest and participation have been high in Rifle Team competition—Varsity and Inter-Company, Gymnastics, Cross Country, Boxing, and the various lesser Basketball, Football, Baseball teams. Inter-Company competitions have included a wide range and have been definitely *competitive!*

In all, it has been a good year for sports and one that is especially rich in promise for subsequent seasons.

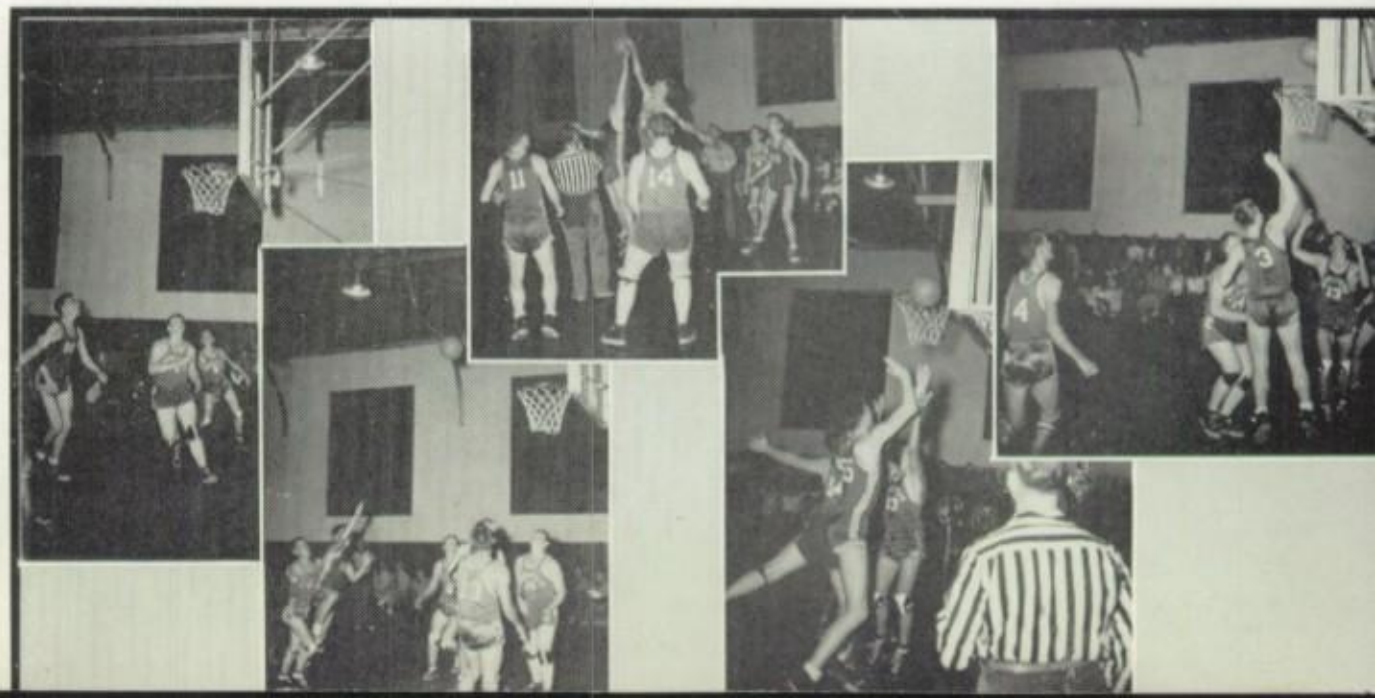
IN ACTION



VARSITY FOOTBALL

Riverside's Varsity Football Squad took quite a beating from "Old Lady Luck" this year. One cadet summed up this past season with the very apt expression that "they sure tried."

Coaches May and Gress took over a completely new team this fall and began rigorous training immediately. Shortly after training had begun, perhaps too shortly, Riverside faced Benedictine. We dropped the Benedictine tilt 6-0. Our second game was against the powerful Columbia team. The Corps' spirits really took off when the "Blue Battalion" held Columbia to a 14-7 victory.

Shortly after the Columbia game, we were knocked off our feet by one of those runs of bad luck that cripple great teams and ruin school spirits. Chris Soffos, team captain and mainstay of the line, lost in an encounter with an appendix and was out for the season. Roy Payne was injured and many other important players were kept out of one or two games. This caused the weakened Riverside Eleven to drop game after game to powerful scholarship teams—McCallie 14-39, T.M.I. 0-21, Darlington 0-33, Castle Heights 0-30, and Augusta Catholic Boys' High 14-19! While the team was losing one tilt after another, it was backed by a Corps that just would not lose faith. This determination paid off when Riverside faced G.M.A.

We shall never forget that rain-swept day when a handicapped Riverside team took the field against a highly favored opponent and held scoreless, through four hard-fought quarters, the powerful Georgia team.

VARSITY BASKETBALL

Those who saw the begining of the cage season found it difficult to reconcile the fine performance of mid-season with the inexperience shown in the Georgia practice sessions.

Between the two times came a period of intensive and unremitting effort as Coach May took up basketball duties at Riverside for the first time, and took a squad which included not a single varsity man into a new fast-break system of play.

No miracles were accomplished, but tremendous development was made and the Cadets proved one of the hardest fighting fives to wear the Blue and White. The Cadets lost their series to Palm Beach Junior College, Redland, K.M.I., split with South Broward, Homestead, Miami Beach, won the singleton from Gesu and the series from Delray Beach.

The center post presented the Cadets with their most difficult problem, and just when Roberts seemed about to prove the solution illness intervened and Loe had to be groomed for the job. Highlights of the season . . . the constant ball-stealing and battling of Settles, Crutchfield and Zuckerman, the pony trio that upset many of the big fellows who looked more the part of the usual basketeer . . . the fine teamwork in evidence all season . . . Settles' 16 points per game average . . . Crutchfield's high scoring whenever too much enemy protection was devoted to Settles . . . the fine support of an appreciative Corps!

VARSITY BASEBALL

At press time Riverside's 1949 Baseball team has won three games in as many starts, defeating in order: Miami Beach High there by 12-3; Redland High there by 11-2; and St. Ann's of West Palm Beach here by 11-6.

Best pitching performance to date is the nine strike-out game by Marques against Redland, with Leslie turning in a good game on the mound against Miami Beach. Heiman is credited with the abbreviated game against St. Ann's after relieving Leslie, whose third inning troubles were the result of errors and poor throwing in the infield.

In general, the Baseball team follows the hustling, hard-driving pattern set by the 1949 Basketball team, and such extra-base hitters as Norman Miller, Jerry Blitz, and Campos have provided the game-breaking-up qualities needed.

While many novices appear on this year's nine, there is a healthy sprinkling of veterans, and the BAYONET predicts a good season for the Zack-coached aggregation. Box scores for Riverside's first three encounters follow:

GOLF TEAM

Riverside's largest group of golfing candidates greeted Mr. Heon in Florida in January, and the progress and development made proved particularly gratifying to all concerned.

With Norman Miller pacing the veterans, and Lamar Loe, Jay Riviere, Guy Robertson, and Favre Slater leading the new men, this year's golf team measures up even with the top-notch aggregations of the many fine four- and six-somes developed at Riverside.

Riverside lost the two openers—10-17 to Miami Beach High and 7½-13½ to Palm Beach High—with Loe still engaged with basketball duties and Riviere also out of the line-up for the second match. With basketball ended and Loe in the line-up along with Riviere, Miller, Robertson, Slater, and Engle, the Cadets defeated the same Miami Beach team 21½-5½.

At press time a return engagement with Palm Beach—a mass encounter of some twelve players each—lies ahead, and the BAYONET feels confident that the "home boys" will do an outstanding job.

Point earners for the season to date—against Miami Beach there: Robertson 2, Slater 2, Riviere 3, Cahoon and Slater 1, Miller and Riviere 2; against Palm Beach: Miller 3, Robertson 1½, Miller and Robertson 3; against Miami Beach here: Loe 3, Riviere 2, Loe and Riviere 3, Miller 2, Robertson 2, Miller and Robertson 3, Slater 2, Engle 2½, Slater and Engle 2.

VARSITY TRACK

With new tracks in Georgia and Florida, Riverside has enjoyed a revival of interest in this sport. Work began during the fall with Captain McClain, a newcomer to the athletic staff, providing some good training for his future distance men. In Florida the tempo increased sharply, and at press time the thin-clads have had three meets, the first resulting in a clear-cut win over South Broward and the remaining two lost by narrow margins to Broward and to Miami Beach High.

Despite inexperience, the tracksters seem to have a good season ahead, and results for the first three meets show the following Riverside point-earners:

100 Dash—Magee, two firsts and a second; Pesson, one third.

220—Magee, two firsts, one second; Goodman, one third; Bush, one third.

440—Pesson, one first, one second; Cannon, one second; Earle, one third; Marr, one third.

880—Freas, three firsts; Cannon, two seconds.

Mile—Freas, one first, two seconds; Cannon, one first, one second, one third.

Low Hurdles—Bush, three firsts; Bleekman, one third.

High Hurdles—Bleekman, one second, one third; Bush, one second, one third; Wright, one second, one third.

440 Relay—One first, Goodman, Bush, Pesson, Magee.

880 Relay—Three firsts, Pesson, Goodman, Bush, Magee.

Pole Vault—Jahna, two firsts, one second; Hoffsted, one second; Wright, one third.

Broad Jump—Magee, two firsts, one third; Jahna, one first, one second; Pesson, one second, one third.

Javelin—Coppola, one first; Cook, two thirds; Washburn, one third.

Discus—Somerset, three seconds; Payne, one third.

High Jump—Bleekman, one second; Coney, one third.

Shot—Payne, one second, one third; Somerset, one third.

GYM TEAM

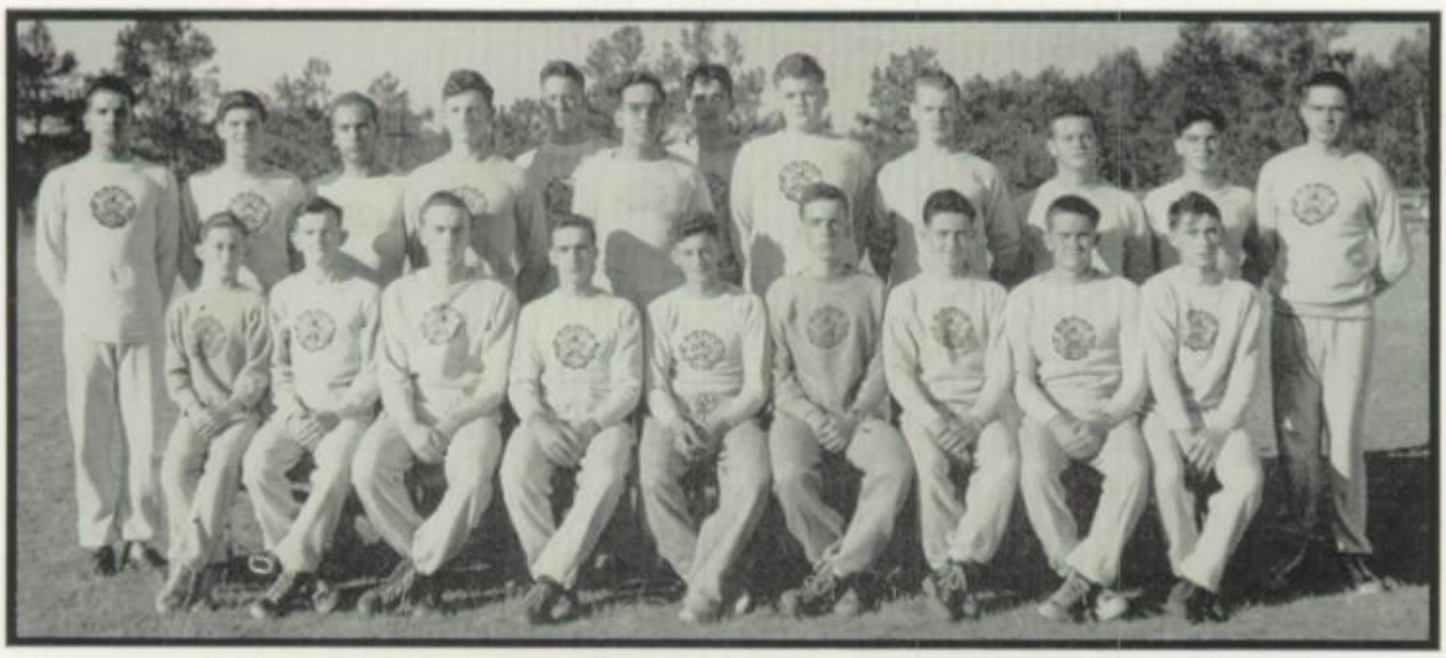
The Gymnasts this year have worked hard and long, and the results achieved have been excellent and should pay off in the big AAU meet sponsored this spring by Georgia Tech.

Those on the Varsity team are: Parallel Bars—McGee, Heimbach, Steele, Hammett. Rings—Nat Johnson, Fitterman, Kosmin, S. F. Magee. High Bar—Aronson, Coppola, Laucirica, Blitz, I. Elguezabal. Tumbling—Fontanills, Cook, C. B. Gonzalez, Espinosa, Calhoun.

Aronson, Coppola, Blitz, Laucirica, and Steele have mastered all phases of apparatus and will enter "all-around" in the Tech meet. They also "giant-swing" and will use the event as their optional.

Outstanding has been the development of hand-balancing by Coppola, Fontanills, Aronson, Steele, and Laucirica, while the complete flips of Espinosa, Blanco, Elguezabal, and Calhoun have almost stolen the show at gym practice.

All in all, the team—co-captained by Aronson and Laucirica—looks much better than the 1948 edition.



FALL SQUAD

BOXING TEAM

Only one fistic contest marked the Florida season, but Coach Burns hopes to locate some opponents in Georgia so that his sluggers may continue their efforts.

In the Florida bout, the Riverside fighters won handily over South Broward High with 4 wins, one forfeit, and two draws.

Aronson scored the first win with a decision over his favored opponent. Gary Hall started fast, but was held to a draw by his persistent opponent. Prat of the Junior School was held to a draw by his diminutive opponent in an unscheduled match.

Wilt won by default, while Waterman scored a decisive TKO over his larger opponent. Sher earned a decision, while Pesson wound up the evening's activities with an impressive knock-out in one round and 34 seconds in the feature event of the card.

Major Burns had a large number of Riversiders ready for bouts, but additional matches couldn't be made.

JUNIOR VARSITY FOOTBALL

Riverside's Junior Varsity Football Squad got off to a slow start this year, with few of last year's players returning. Coach Zack began at once whipping into shape the many candidates for the team. The boys worked hard and training went along well.

Their first game was against the powerful Darlington team; the boys lost this one 19-7. They dropped their second and third games 20-6 and 19-6. Now, when the team would most likely be discouraged, they rallied and defeated Toccoa 24-6, and went on to beat G.M.A. 33-21. The boys played their final game against the powerful and heavily favored Techwood team, whom they held to a 7-7 tie, completing a fine season.

Many of the boys on this year's Junior Varsity will return next year to fill the vacancies on the "Big Team."

8th AND 9th GRADE FOOTBALL

An innovation in this year's sports program at Riverside was the addition of an eighth and ninth grade football team.

Coached by Captain Brannon, with able assistance from Miller and Wilt, the Junior School and Freshmen scrappers started rigorous training soon after school started. In their frequent tilts with the Junior Varsity, the "little" group showed that they really meant business. At one of these games an amazed player picked himself off the ground, faced his coach, and, as if in explanation, exclaimed, "I know they're small but they sure hit hard."

Unfortunately, the boys played only one game this year—against Gainesville's over-size Junior Varsity. They gave it all they had, but it wasn't quite enough.

"B" TEAM BASKETBALL

Shortly after the football season was over, the basketball teams began practice. The "B" team, coached by Captain Brannon, practiced hard and religiously almost every night and this was to pay off. The squad took four of this season's games, winning from Fort Lauderdale, South Broward, and taking two games from Dania. Many of the players on this year's "B" team will come up next year to fill the vacancies on the varsity squad. The "B" team deserves commendation, for, although it was composed of many newcomers, it was one of Riverside's hardest fighting teams.

"SIXTEEN YEAR OLDS"

The "sixteen-year-old" basketball team was another addition to Riverside's already crowded sports program. The boys, sixteen and under, played teams of their own age group from neighboring high schools. The boys worked closely with the "B" team, Captain Brannon coaching both groups. Many "B" team players also were members of the younger group. In fact, many cadets still claim that the "sixteen-year-olds" were just the "B" team with new shirts on.

In their first season the Riverside 16's won only one game—a well-earned victory over Dania, but promise for the future is great and the season's accomplishments worth while.

CHAMPIONSHIP RIFLE TEAM

CHAMPIONS OF HEARST TROPHY COMPETITION FOR 3rd ARMY

The BAYONET takes pride and pleasure in according recognition to the Five-Man Rifle Team and Coach Bennett for the fine showing made in the annual Hearst Trophy Competition for Essentially Military Schools. In the Third Army area, Riverside's marksmen scored a fine 920 to take first place, neatly outdistancing second and third place Castle Heights and Gulf Coast with scores of 857 and 855 respectively.

In addition to winning top position among the numerous schools included in the Third Army, Riverside's team also took third place in the National Competition for Essentially Military Schools.

FALL DANCES

The "A" Company Dance unfortunately not pictured because of loss of the negatives of the few pictures taken, was first of the year, and, like the others, highly satisfactory. . . . Nice decorations, plenty of pretty girls, a fine dance band proved an unbeatable combination. . . . Each company did a nice job in handling its particular party, and the shots on these pages show the results. . . .

On this page appear the results of the efforts of Company "B" under the direction of Captain "Mike" Mooney. . . . A fine party with a little B-advertising modestly included. . . .

WINTER DANCES

The Main Barracks lobby provided a fine, and less difficult-to-decorate setting for the two excellent dances held there during the 1949 Florida term. . . .

Despite the absence of Brenau, fine groups of young ladies were assembled for the two dances, and Captain Layman and "C"-men led the way with the attractive dance pictured above. . . .

Absence of some of the Company Officers handicapped "D," but Adler, Wilt, Nat Johnson, Norris, Cahoon, and others spearheaded a decorations group that wound up with one of the most attractive settings of the year. . . .

Now look over the picture again. . . . If you're at all social-minded you're sure to find yourself, and from the looks of things you're equally sure to be in good company. . . .

Next ahead at press time are the Spring Dance and an innovation that promises to be almost as good—a Graduation Ball!

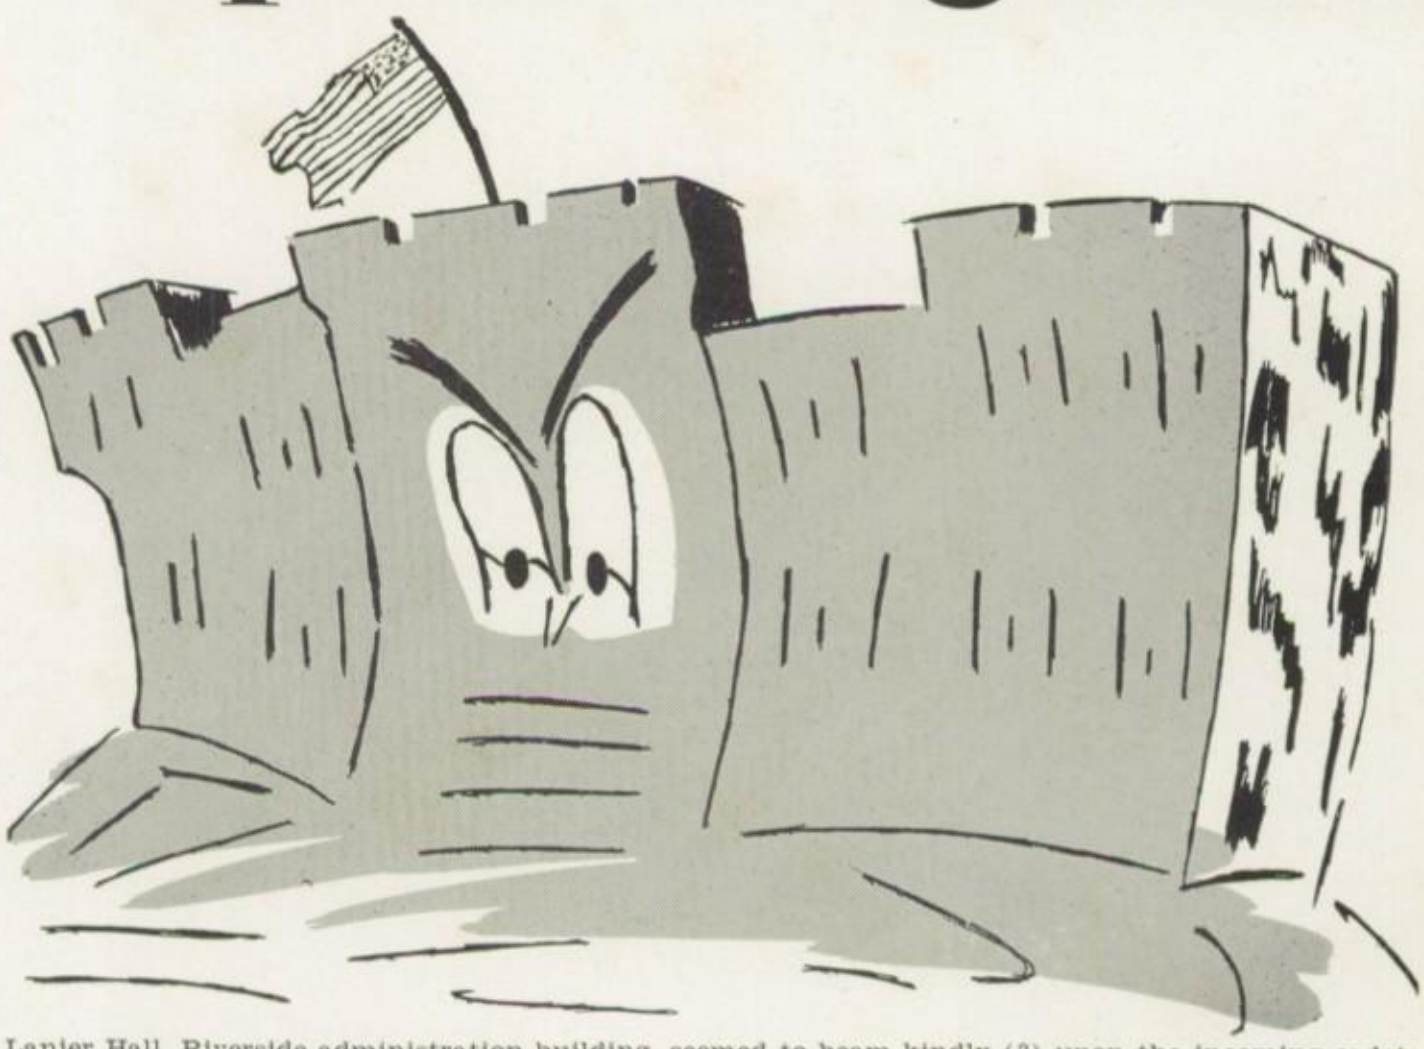
RMA Opens Again!

GAINESVILLE, Ga. Sept. 17—At 12 noon here today 1600 young men from all parts of the world (two Martians included) assembled in their quest for knowledge, adventure, and recreation. Met at Gainesville's modern rail, plane, and bus center, the hapless victims were loaded aboard Riverside's streamlined super-bus fleet, and, under the direction of Head Driver-Engineer "Jack Curtis" Dean, whisked to the confines of that noted educational center, Riverside Military Academy.

In a matter of moments, greetings were completed, physical exams finished, schedules assigned, uniforms fitted, and classes begun.

At 3:33 PM on completion of the first drill period—Dress Parade, complete with Fusiliers, Formal Guard Mount, and Log Drill (the Minute-Men failed to live up to their name and were reprimanded for not being ready for the opening day)—officials announced all now in readiness for the annual G. I.

President Sandy Chandler stated that this 1978 opening represented the degree of efficiency long sought by his distinguished grandfather, General Sandy Beaver, and extended congratulations to the Academy's executives, including Colonel Haywood Cantrell and Colonel Jimmy Saine, P. M. S. & T. and Commandant respectively.



Lanier Hall, Riverside administration building, seemed to beam kindly (?) upon the incoming cadets as Riverside re-opened. Charm of this massive structure is convincingly portrayed in this sketch by staff artist Dave Miller. (PU)

Schedule Announced for Fall

Bull Bureau

GAINESVILLE, Ga.—(PU)—In a startling announcement made here this morning in his usual gentle style, Colonel Beaver, Superintendent, announced that drill would be practically dispensed with under the "progressive" plan schedule to be followed. No more room inspections is another feature of the new regime, but it is anticipated that both the Horton Society and Cadet Council will oppose these measures.

Midnite Prowlers

HOLLYWOOD, Fla., March 1 — (PU) — Strange troop movements have been noted around Riverside Military Academy's Horton Barracks Annex.

National Guard observers report that the number of men seen seems to indicate that some sort of military company is involved. They also report that the movements occur between 11:30 P. M. and 1:30 A. M.

School authorities, when notified, announced that the screens on the Horton Annex would be nailed up to prevent the prowlers from harming the cadets.

Claim Many Beauties!

Brenau Also Opens Session

GAINESVILLE, Ga.—(PU)—This north Georgia city, noted as the world's foremost chicken center (what with Brenau, Riverside, and legitimate poultry), teemed with activity today as hundreds of young ladies from all parts of the U. S. and many foreign countries arrived for the fall term of Brenau College, famed beauty center.

It is reported that this year's beauty crop exceeds all previous records, and that a beauty show is planned early in the term, with the Riverside Corps to serve as judges, the volume of whistle calls to determine exact ranking of the competitors.

Brown Speaks

Colonel Reed M. "Slow-Boat-to-China" Brown addressed the Corps today on the virtues of the Florida climate and promised an early address on the psychology of the bone structure. The speaker neglected to indicate, however, to which of his students he referred in this forthcoming speech.

Colonel Brown also pointed out that he had been recently cited by the Florida Chamber of Commerce for valiant service to the State.

President Speaks

GAINESVILLE, Ga.—(PU)—In an unusual vein of frankness, General Beaver pointed out to the Corps today: "I am a tightwad!"; thus continuing the autobiographical remarks begun last year in his famous seven-year shoes story.

The General then pointed out that Riverside could well anticipate the finest year in history, what with having the "best corps in Riverside's history and the best faculty in Riverside's history." His remarks followed Colonel Brown's account of the salutary features of the Florida climate and were prefaced with the statement, "Of course, I didn't know what Colonel Brown was going to talk about . . ."

Militia Called Out

GAINESVILLE, Ga., Sept. 25 — (PU) — Georgia's Governor Herman Talmadge today ordered the Gainesville company of the National Guard to aid in suppressing a riot at Riverside Military Academy in this city.

The first call for the guard went out at 10:00 this morning when school authorities admitted they were unable to hold the Corps of Cadets in check.

When questioned, General Sandy Beaver, President of the school, said that the riot was caused by Mrs. Vivian Hodnett's announcement that she would teach dancing. As soon as the announcement was made, the Corps as one man stormed curvaceous Mrs. Hodnett in order to sign up for her course.

After ten hours, the riot has been quelled and troops are being withdrawn.

When asked for a statement, chic, blonde Mrs. Hodnett merely muttered, "Oh! Johnny!!"

GRADY McDONALD Coat-of-Arms Discovered—Reproduced above is the recently unearthed family crest of the noted tonsorial expert, featured by barber pole and garden shears. Many genealogical experts have questioned the authenticity of the shears-**motif**, contending that the tomahawk was the hair removal agency originally employed. On display in the Riverside archives on Bair Square.

CALENDAR: 1948-49

SEPTEMBER

17—Horton Society candidates return to lend a helping hand.
18—New boys get their first glimpse of "promised land."
19—Remainder of old boys return looking like the last roses of summer. Appointments of officers and non-coms made.
20—Cadets draw school books and receive assignments in same.
22—First publication of "Riversider" is distributed.
25—Cadets, mostly new, establish themselves with Brenau girls at General Beaver's reception.
26—New Horton Society members inducted in "tap ceremonies."
27—First night of study hall. Get your reserved seats now!
30—Cadets report to pay lines for their weekly allowances and proceed promptly to grill room.

OCTOBER

1—Benedictine defeats Riverside 6-0 in opener.
2—Chico-Dell, juggling clown, provides entertainment.
9—"Blue Battalion" falls to Columbia 14-7. Company "A" puts on an outstandingly pleasant first dance.
15—Stunt night brings out talents of guitar strummin' cadets and others.
23—Tennessee Military Institute hands R.M.A. squad 21-0 loss.
28—GMA defeats inexperienced RMA Cross Country Team 38-17.

NOVEMBER

8—Individual pictures and company athletic pictures taken for "Bayonet." Poor photog!
11—Inspiring Armistice Day speech by Col. Cantrell. Col. Beaver decides it's cold; cadets begin wearing wool trousers.
12—Henry L. Scott, pianist, provides cadets and guests with laughter and entertainment.
19—After its worst grid season, Riverside turns in a fine amphibious game to tie G.M.A.—0-0.
20—Company "B" sponsors fine final dance of fall season.
27—Major Luderman and his boys present "Eleven Against the Sea."

DECEMBER

2—Military department conducts physical unfitness tests. Results are good. (Oh! My achin' back.)
3—Hot dog! Movie for drill. Nope, false alarm, but Col. Cantrell announces that there will be no rifle inspection this week (we weren't going to have one anyway).
4—Saturday school affords extra leave for Christmas.
9—Colonel Donald Spicer, USMC, talks to cadets in chapel.
11—Saturday night closed C.Q. Studying for exams (HA!)
13—Fall term examinations begin.
14—Three lieutenants on guard. Efficiency plus!
15—Good-bye, Gainesville!

JANUARY

3—Back again. All good things must come to an end.
4—School and homework—Bah!
5—RMA invades Hollywood and establishes a *beach*-head.
6—Rifles again (*#%'?)
7—Corps is busy cleaning rifles (Ow! my thumb).
8—First practice parade*s* on "sponge" grass.
9—First Sunday parade; no casualties.
10—Select cadets receive promotions as Sgt. and Pfc. (pluggin' for corporal).
13—Ya gotta ask me first—JLB.
15—H-22's begin to circulate. You got it, bud.
16—Fusiliers parade for first time.
17—Clear skies result in picture-taking (whew! what a relief!).
18—Cadet officers wear sabers everywhere except to bed.
19—Harnesses and pig-stickers come off (shucks! I wanted to wear mine to town).
20—Swamp fires *almost* destroy academic buildings (shame, eh?).
22—RMA edges out South Broward five 37-34.
25—RMA cagers defeat Miami Beach High 42-41.
29—Company "C" provides a colorful dance as the opening of social activities in Florida.
30—Parade is highlighted by awarding of guidon ribbons for fall athletic championships. "B," "C," and "D" shine!

FEBRUARY

2—Homestead High bows to Riverside cagers 45-35.
4—Half-year semester exams begin. RMA boxing team makes fine showing against South Broward High.
11—Cadet officers hold hamburger fry on beach. Kindley and Holbrook take the situation in hand.
12—Blue-bloods of RMA attend Barry College dance. Twenty-two cadets stranded on College campus.
17—Riverside Basketeers lose a close one to KMI 35-32. Cadet track stars defeat South Broward 68 5/6 to 57 1/6.
19—25 select cadets attend dance at Miss Harris' School. Riverside cagers lose to Palm Beach Junior College, 51-38.
22—Redland High downs RMA cagers 45-41. JV loses by close 40-39.
25—RMA five defeats Delray Beach High 53-40.

MARCH

1—Cold weather hits Hollywood. General Beaver's contract with the weather man ran out, no doubt. Intelligentsia of Riverside attend movie in town: "Henry V."
5—Company "D" puts on final dance of the Florida season minus the services of "Rufus."
6—Major Luderman's dramatists provide entertainment in the form of two plays, a comedy and a tragedy.
8—Track team loses to Miami Beach 67-65. Golf team wins.
10—Cadet baseball team wins opener from Miami Beach, 12-3. Steele speaks about money. General Beaver objects.
11—Riverside cadets make fine(?) showing at Fiesta Tropicale. All attending return early (in the morning).
12—Select group of cadets attend dance at Barry College and find themselves among bad company. (Smoke! Smoke! Smoke that cigarette!)
13—Cadets begin having nightmares about the coming exams. Some even break down and study. "B" Company breaks through, wins parade and color company for the week.
14—Mooney gets what's coming to him in the *end*. RMA baseball club defeats St. Ann's by 11-6.
16—Exams! Col. Garner goes wild. Announcement of cancellation of Cuba trip.
18—Free week-end begins. Riverside nine defeats Delray 16-3.
19—Cadets evacuate school. Guard Detail gets writer's cramp.
20—Spring arrives, welcomed by heavy rains.
21—Grady decides to raise worms for a living (ambition plus). Col. Cantrell announces plans for posture school.
22—RMA baseball team defeats South Broward 9-7. Cadets' admission fee pays for broken light bulb in Dowdy Field.
23—List of posture school scholarships published.
25—Majority of cadet officers abandon RMA campus. Calendar complete—nothing else exciting will happen this year.

(Editor's Note. Maybe . . . but what of Government Inspection, Spring Dance, Final Exams, Graduation, and other unpredictable events?)

BASKETBALL SCENES

The Cagesters Proved One of the Scrappiest Fives in Riverside History. . . . Drink More *Daily Fresh* HOME MILK

Crammed full of fresh, wholesome goodness . . . each extra glass of *daily fresh* Home Milk you drink means more pep — better health! And, Home Milk is rich and creamy and delicious!

You'll love its fresher taste. It's *daily fresh* . . . produced by our own fine, regularly tested herds, on our own Dade and Broward County farms. In our own modern Home Milk Plant . . . Home Milk is scientifically pasteurized, bottled and cooled under rigid laboratory control. And, each quart you buy carries our "Pledge of Purity" . . . supported by every member of our association.

So, increase your pep . . . increase your health — buy more Pasteurized Grade A, or Vitamin D Homogenized Home Milk today! It's *daily fresh* at your grocer's . . . or phone 2-7696 and the friendly Home Milk Man will have it on you doorstep in the morning. Remember, it's *daily fresh* . . . you can taste the difference!
